## September 2015

Welcome to Sacred Heart School.

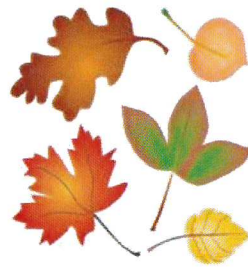

A warm welcome to you all. The children have made a great start and are beginning to settle into school life. We hope that they have enjoyed the activities that they have been doing and that they are telling you about each day.

Our RE topic is 'myself'.

Please talk to your child about how you chose their name and also encourage them to tell you the names of their classmates.

A reminder that the Harvest Mass will take place on Sunday 12th October at 10am.

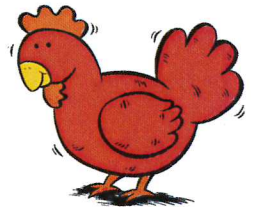

This term we will be finding out about autumn, leaves, apples and harvest.

Using leaves, conkers, apples etc the children will be counting and comparing by size and weight. We will also be sorting a variety of objects into groups and developing the language of more than and less than.

The children will be encouraged to develop their listening skills and in particular to show that they can discriminate between different sounds. They will play many small group games and be encouraged to talk and listen to each other in both small groups and also as part of the whole class group.

We will also be reading the story of the little red hen and thinking about how we can work together.

The children will be making bread and clay hens as well as drawing, printing and painting.

Please make sure that your child has the correct PE kit in school each day.

White shorts, red T-shirt, plimsolls  
PE is normally on a Tuesday and Thursday.

Book bags . . .

Please remember to sign in the reading record if you have looked at the book with your child as this lets us know when we need to change
